Parent/Carer Survey Feedback Autumn 2023

WHAT DID YOU TELL US?

We value our relationships with parents and carers and the feedback that we receive, and our annual parent/carer survey is one of the ways in which we hear your voice. We will use this information to consider how we can continually improve what we offer all children across our school. Thank you to the 104 families who responded to the survey giving us feedback from 35.3% of our school community. We have made some comparisons to our parent survey from the 2022/23 academic year however, this was not possible for all questions as these vary from survey to survey.

My child is happy at a Trust school

We are delighted that across our school, 91% of our children feel happy attending school. This is incredibly important to us and underlines the importance of one of our core beliefs, that everyone should feel that they belong.

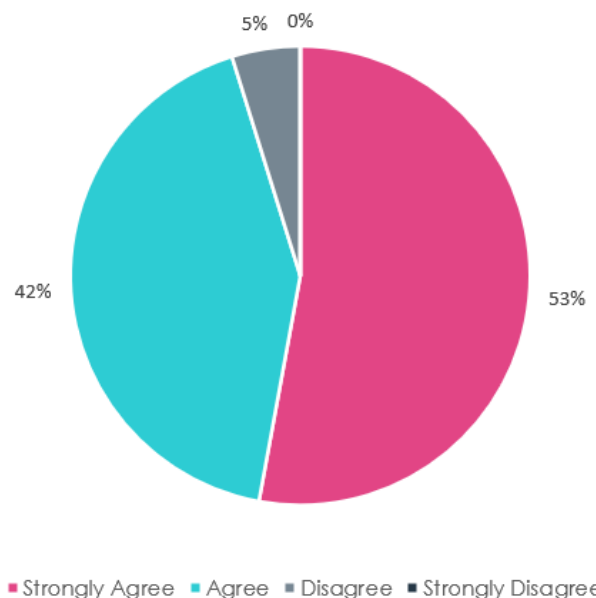

“My son loves to learn and really likes his teacher, he is so happy in Year 6”

“My child has settled in well to Reception and really enjoys her learning”

95% of our families feel that their child has made a strong start in Reception. We will continue to work closely with all of our families to maximise outcomes for all of our children.

“He goes in smiling and comes out smiling”

The school's ethos and culture have a positive effect on my child

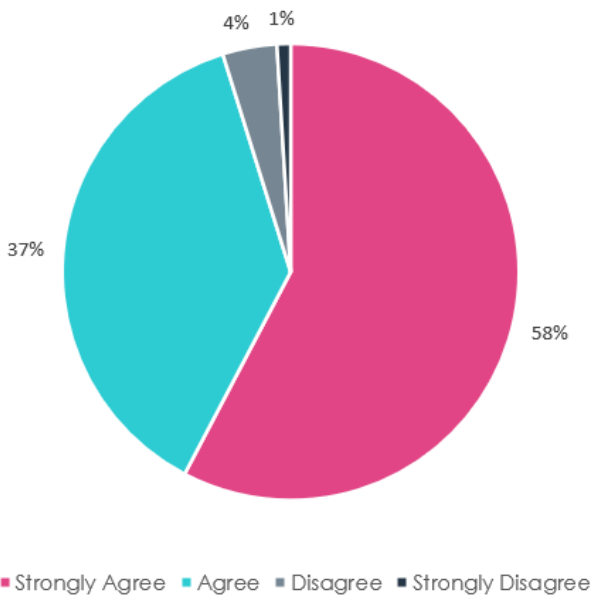

“The school gives my child morals to live by and provokes questions and intrigue into this.”

WHAT DID YOU TELL US?

My child feels safe at school

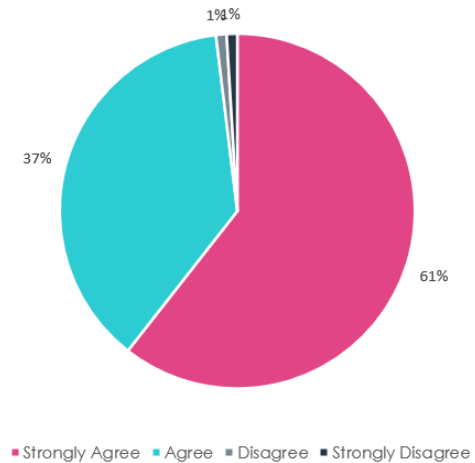

We will continue to focus on ensuring that our curriculum, culture and values combine effectively so that all children feel safe in school.

“ She feels very safe. If something concerning happens the school explains it to the children and parents and passes on what they are doing”

“ New learning ethos regarding comfort zones has been very welcomed.”

The school encourages its children to be respectful and caring

This is an increase of 12% on last year. We are delighted that our Christian Values and school culture are impacting on the children in a way that is visible to our parent community.

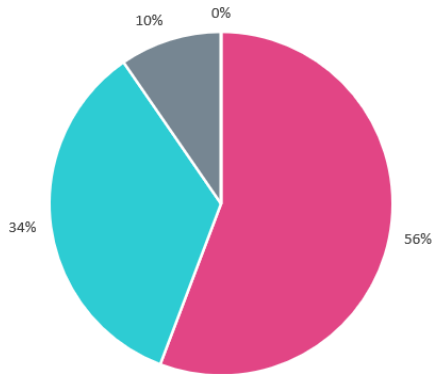

“ Every assembly, every conversation. So good to see”

WHAT DID YOU TELL US?

“ School has a clear consequences system that my daughter understands.”

The school ensures its children are well behaved

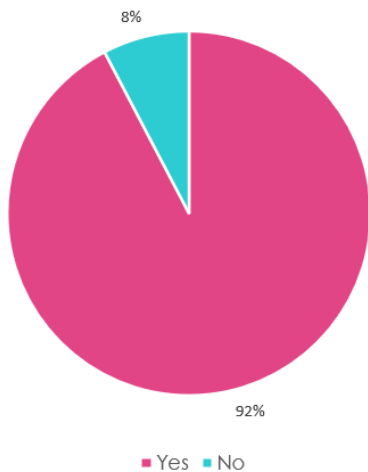

■ Strongly Agree ■ Agree ■ Disagree ■ Strongly Disagree

An increase of 2% on last year.

We will continue to focus on our whole school behaviour target. Behaviours (conduct and learning behaviours) across the school are strong. We need to continue to be consistent in the application of our behaviour policy.

“ The school has good policies in place to help with bullying”

The school makes me aware of what my child will learn during the year

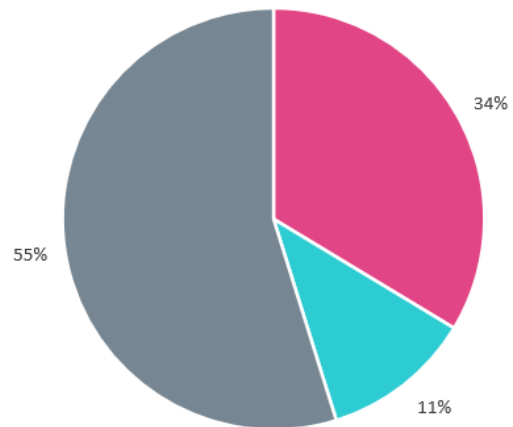

■ Yes ■ No

We achieve this through our Year group half termly curriculum information which is shared on our website. In addition, we share our learning through social media and our weekly school newsletter.

When I have raised concerns with the school they have been dealt with in line with our Complaints Policy

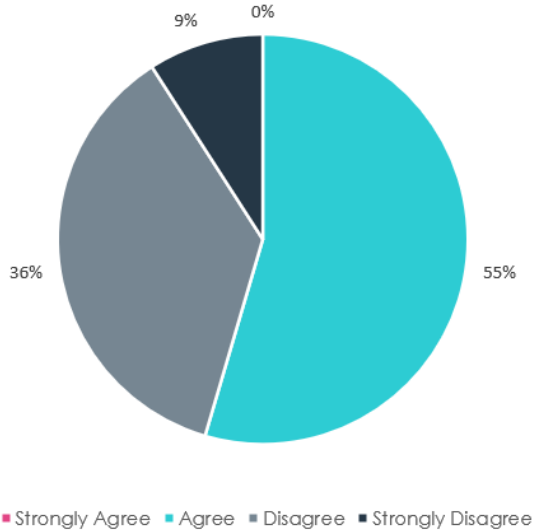

■ Yes ■ No ■ I have not raised a concern

We have noticed a 16% increase in the number of families who haven't raised a concern and a 24% increase in the percentage of parents who feel that issues raised have been dealt with effectively. This shows that the majority of our parents haven't needed to raise a concern and 75% of those who have were happy with the process and outcomes. We will continue to work with families and, inline with policy, improve outcomes in this area.

“ The school have always listened and reacted to issues when I have raised them in the past,”

WHAT DID YOU TELL US?

How strongly do you agree with this statement? "My child has SEND and the school gives them the support they need to succeed."

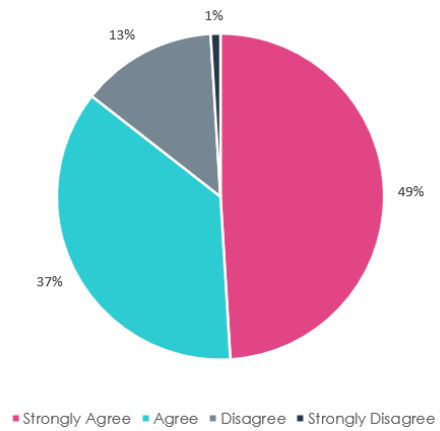

Only 11 families answered this question and we are working hard to improve our SEND support.

SEND provision has developed in the short time that Mrs Secker has been at Warberry and we can see the impact of her work every day in school.

"I am very happy with the support that my child has received. Mrs Secker has been amazing."

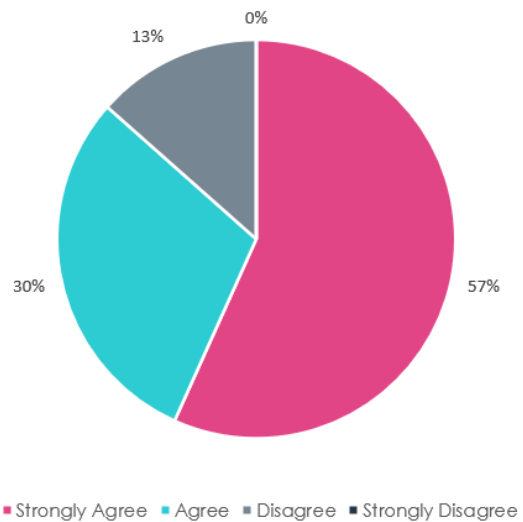

The school has high expectations for my child

An increase of 4% from last year. We look forward to sharing your child's books with you again in the Spring term so we can share with you how we challenge your children to be the best that they can be.

"The teachers at the school are so supportive of the children and really do encourage them to be their best."

My child is flourishing at school

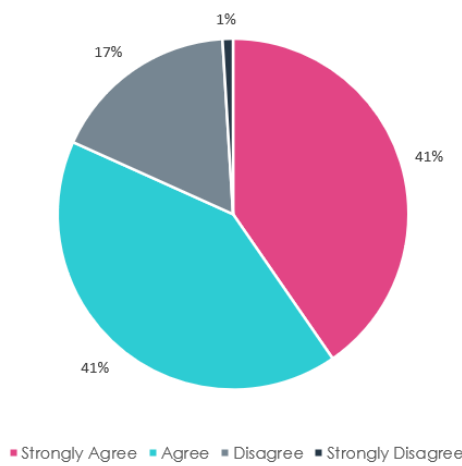

My aim for every child at Warberry is that they make great progress with us both academically and in terms of their personal development. So far, our focus has been on our learning zones and developing their leadership opportunities in school.

" Since starting Reception she has loved coming into school, she has found a love of learning and is supported with her work. "

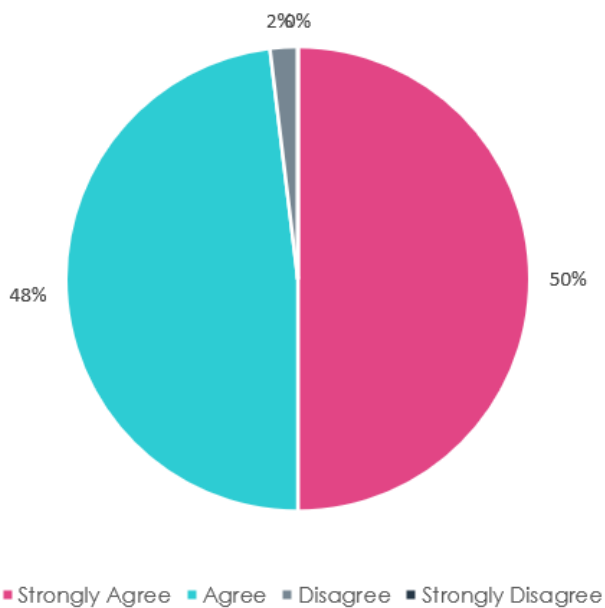

WHAT DID YOU TELL US?

The school lets me know how my child is doing

We recognise that there is room for improvement here. We need to continue to develop our opportunities for you to come and see how your child is progressing in school and for you to have time to look through their books and to understand where they are in terms of their academic attainment.

My child has access to the full range of national curriculum subjects

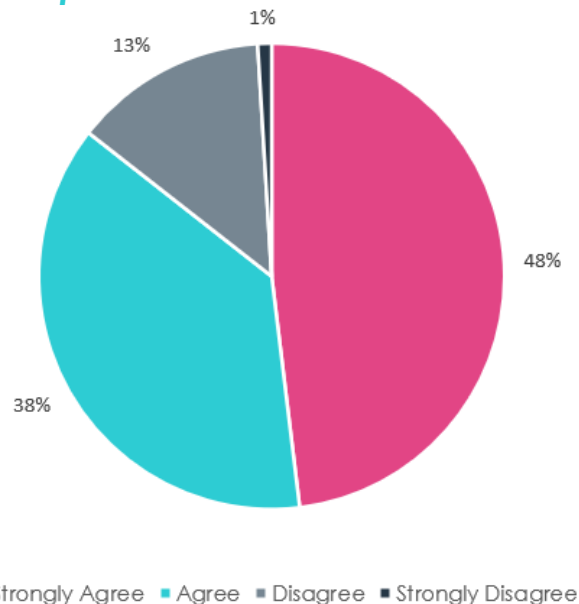

The school worked exceptionally hard during the 2022/23 academic year to develop our wider curriculum with our colleagues at Ilsham and Ellacombe.

“ I feel they teach a wide range of subjects for the age of my child.”

The school supports my child to take part in a wide range of activities and experiences across and beyond the curriculum

“ My child has been on lots of educational trips, taken part in lots of fundraising events and is part of the school choir.”

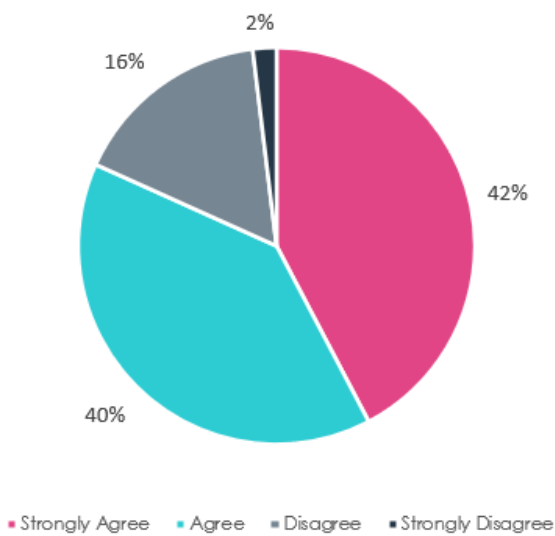

This is a 2% decrease from last year. We received lots of positive comments about our trips and visits linked to our curriculum and Trust Charter (70 experiences before Year 7). However, parents were clear that we could develop our range of extra-curricular after school clubs. This will be a priority for us moving forward.

“ I love that they do trips out of school for the children. XXX is always super excited when the opportunities come along to visit places.”

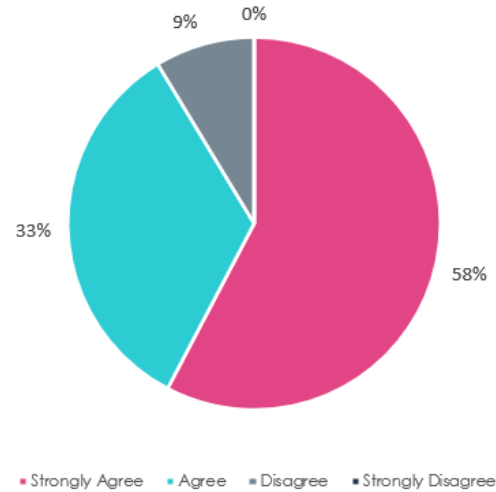

WHAT DID YOU TELL US?

I receive helpful information about how being part of a family of schools benefits my child's educational journey

An increase of 9% from our 2022/23 survey. As a Trust and across the Torquay Hub of Warberry, Ilsham, Ellacombe and All Saints Marsh, your children benefit from being part of a family of schools every day. We need to develop how we share this information with you as well as further developing the benefits of working as a group of schools.

I would recommend the school to another parent

Whilst this number is higher than the Trust average, there is certainly room for improvement.

As well as being safe, happy and challenged, my aspiration for your children is for them to make great academic progress as well as develop as a person.

I hope that you will continue to see the impact of this across the school this year.

“ My children have thrived here. ”

“I think the new head has had a positive impact on the school and would overall recommend the school. “

“Warberry has a lovely atmosphere, the staff are approachable and dedicated. Keep doing what you are doing.”
